VETERAN'S CEMETERY PETITION

Dear Friend,

The county of Erie has the 4th largest veteran's population in the state of New York and the 15th largest in the United States (% of veteran's population to total populations), yet we do not have a designated veteran's cemetery to honor those men and women who have served this great nation. The closest national veteran's cemetery is in Bath, New York, over 100 miles away!

We, the citizens of Erie County and Western New York, petition the State of New York and the State Veterans Department to create a designated veterans cemetery here in Buffalo, New York. The findings of the New York State Veterans Sitting Committee formed under the Senate bill #5403 supports this request. Property within an existing Erie County cemetery has been proposed for this purpose. We ask for your support in making this happen.

We, the undersigned, support the call for development of a state designated veteran's cemetery:
